

the Bible Faith Remnant
SMILE
“Some West Coast Praise”, Album

Vs. 1

First of all, Lord God, let me apologize.
I've done things that must have brought tears to Your eyes.
You forgave them all and placed me on the right track.
There's no way that I could ever pay You back. Still I'd like to know

Chorus

I want to know what would it take to make You smile. What does it take to bring You joy once in awhile. You've done so much for me that I cannot repay. Accept my gratitude I'll live for you each day.

Vs. 2

Looking back on all the things you've done for me,
How you loved me when I refused to see.
I must admit there were times I was ashamed.
I've done things that brought no Honor to your Name.

Right now, Lord You have my feet on solid ground.
You're the One who turned my life around.
Now I'm saved by your amazing grace.
What can I do to place a smile upon your face?

Chorus

Bridge

Now, if I give my body to be burned
Without Your Love not a single thing is earned.
I can save the whales, the dolphins and the trees,
Without Your Love it will not profit me.

Verse 3

I know now Lord that you don't require much,
To love my neighbor, do what's honest true and just.
I'm so grateful for the balance of my days
I want to give You Glory, honor, love and praise.
For those of you who have wondered the same thing
The time has come to lift your voice and sing

Chorus

I'm glad to know I'm glad to know what would it take to make You smile. I'm glad that I can bring You joy once in a while. You've done so much for me that I cannot repay. Accept my gratitude, I'll live for you each day. (Repeat)
